Recommendation:

That the Board receive and file staff's update on the 2023 Active LACERS and LAFPP Representative elections and direct staff to conduct a Special Election for the Active LAFPP Representative seat for the remainder of the unexpired term ending June 30, 2026, due to no candidates qualifying for the May 19, 2023 regular election, as soon as administratively feasible and allow nominating petitions to additionally be submitted electronically with electronic signatures.

Discussion:

A. Background:

Per City of Los Angeles Administrative Code Section 4.1407, the Board of Deferred Compensation Administration includes directly elected employee participant representatives from the Los Angeles City Employees' Retirement System (LACERS), Los Angeles Fire and Police Pensions (LAFPP), and the Water and Power Employees' Retirement Plan (WPERP), and a retiree participant representative. The table below details the current incumbent representatives and their respective Board terms:

Board Position	Incumbent	Term
Active LACERS Representative	Joshua Geller	July 1, 2020 – June 30, 2023
Active LAFPP Representative	Baldemar J. Sandoval	July 1, 2020 – June 30, 2023
Active WPERP Representative	Jeremy Wolfson	July 1, 2021 – June 30, 2024*

Retiree Representative	Thomas Moutes	July 1, 2021 – June 30, 2024
------------------------	---------------	------------------------------

**Mr. Wolfson assumed his position at the October 19, 2021 meeting following a special election in 2021 to fill the vacant position part-way through the term.*

As the terms for the Active LACERS and Active LAFPP Representative seats are ending on June 30, 2023, a regular election is scheduled for May 19, 2023.

B. 2023 DCP Board Election Update

Eligible participants for the Active LACERS and LAFPP elections were sent physical and electronic notices of the elections (**Attachment A**) in early March 2023 and candidate materials were available to potential candidates beginning March 23, 2023. In order to be qualified to be placed on the ballot, candidates must obtain a required minimum of 50 and maximum of 100 signatures of eligible participants from their respective constituencies.

The deadline to submit candidate materials to run for either the Active LACERS or Active LAFPP Representative Board seat was April 6, 2023. Following a verification of sufficiency by the City Clerk, a total of four (4) participants are qualified to be placed on the ballot for the Active LACERS Representative Board seat and will be listed in the following ballot order:

- Theodore L. Irving,
- Matthew Benham,
- Guillermo Martinez Jr.,
- Paul E. Alberga.

Accordingly, an election for the Active LACERS Representative Board seat will proceed as scheduled per the calendar below:

- Beginning May 1, 2023 – Ballots and voting packets will be mailed to eligible voters.
- May 19, 2023 – Election Day; all ballots must be received by this date.

Staff will provide the final election results at the Board’s regular June meeting.

For the Active LAFPP Representative Board seat, no participants submitted the required materials for candidacy by the deadline. Accordingly, zero (0) participants qualified to be placed on the official ballot for the election for the Active LAFPP Representative Board seat.

C. Next Steps for LAFPP Representative Seat Election

Upon consultation with City Clerk, the Active LAFPP Representative election scheduled for May 19, 2023 is canceled as no candidates qualified for the ballot. As a result, the Active LAFPP Representative seat will become vacant on June 30, 2023 at the expiration of the current term.

Staff consulted with the City Attorney regarding the DCP’s Election Policies & Procedures (Policy) and determined that though the Policy does not specifically address this scenario, the intent is to ensure a Board seat be filled should it become vacant, unless there is less than twelve months remaining before expiration of the term. The Policy outlines the conduct of a special election in Section M as follows:

Section M. Special Election

- 1) *In the event that an elected member of the Board, prior to the expiration of such member’s term, has submitted a letter of resignation or the member’s office becomes vacant by virtue of death, retirement, termination of employment, or for*

any other reason, the City Clerk shall conduct a special election to fill the unexpired term. However, no special election shall be held where there is less than twelve months remaining before expiration of the term.

2) The Board shall designate the date of the special election. The special election shall be held not more than 90 calendar days after the submission of the letter of resignation or the receipt of notification of the vacancy. Candidates to be voted on at any special election shall be nominated in the same manner provided under this policy, but the nominating petition shall provide that the nomination is made for the balance of the unexpired term and specify the ending date of that term. The nominating petitions shall be available at the office of the DCP or, if the Board designates, electronically to members of the appropriate constituent group seven weeks before the date of the special election. The special election to fill the unexpired term shall be conducted in the same manner as a regular election, except as otherwise provided for in this section.

Staff met with the City Clerk to discuss the timeline for a subsequent special election for the Active LAFPP Representative seat. A tentative calendar for the special election anticipates early notifications to eligible candidates and voters at the beginning of May with an election date in mid-to-late July 2023 in order for a candidate to be elected for the remainder of the term beginning July 1, 2023 and ending June 30, 2026. This timeline is in accordance with Section M of the Policy, in that no special election shall be held where there is less than twelve months remaining before expiration of the term. The winner of the special election would be confirmed by the August or September 2023 regular Board meeting and hold office for the remainder of the term.

Specific Considerations for Active LAFPP Representative Special Election

As there were no candidates who submitted materials, staff reviewed the historical record of candidates for the Active LAFPP representative elections since the Policy's adoption in 2007.

- From 2010 to 2017, there have been four elections (one special election and three regular elections) for the Active LAFPP Representative seat. In each election, only one (1) candidate was certified as a candidate. For each of these elections, a minimum of 100 nominating signatures were required to be placed on the ballot.
 - For the three regular elections, the qualified candidate was the incumbent.
- In the 2020 regular election for the Active LAFPP Representative seat, a total of one (1) candidate was certified as a candidate. For this election, the Board suspended the signatures-gathering requirement due to the impact of the COVID-19 pandemic and social distancing requirements.

As only one candidate has been certified in each of the past several elections for the Active LAFPP Representative seat, staff offers two considerations to address the possible causes for why no candidates filed to run for the May 19, 2023 Active LAFPP Representative election.

1. Review of Communications Plan

For the 2023 DCP Board Election, a Notice of Election letter was sent to 11,202 LAFPP participants and an email was sent to 10,471 LAFPP participants (if an email address was on file). Messaging was also included in the Personnel Department's monthly e-newsletter that is distributed Citywide. Staff additionally posted to its social media account and created a website

banner to advertise the election on the LA457.com homepage to generate greater publicity for the election, as shown below:

WELCOME TO THE CITY OF LOS ANGELES

DEFERRED COMPENSATION PLAN

Welcome to your Resource Center for the City's Deferred Compensation Plan (DCP)! Whether you're an active employee or retired participant, this is the best place to find the latest news, information, and tools for taking full advantage of your DCP account. To access your account, click the orange "login" button at the top right corner of this page.

In order to promote greater awareness for a Special Election, staff proposes the following communication approach:

- Send a letter and email communication of the Notice of Special Election to all eligible LAFPP DCP participants.
- Unique website banner and social media posting to promote the Special Election for the LAFPP Representative Seat.
- Include blurbs in the monthly Personnel Department e-newsletter that is distributed Citywide.
- **(Proposed additional action)** Prepare correspondence to the Fire and Police Departments to request assistance with promoting the election and encouraging eligible members to consider candidacy.
- **(Proposed additional action)** Prepare correspondence to sworn labor organizations to request assistance with promoting the election and encouraging eligible members to consider candidacy.
 - Submit a written blurb to the Los Angeles Police Protective League (LAPPL) Blueline Magazine to promote the Special Election, should the election and printing timelines allow.

The additional proposed actions above would include more stakeholders and ideally help to promote more awareness of the election and the opportunity to run for a Board seat.

2. Review of Nominating Petition Signatures Requirement & Submission Method

Given there were no nominating petitions filed, staff also reviewed the minimum requirements to file as a candidate for the Active LAFPP Representative seat. Prior to 2020, the signature requirements for the Active LAFPP Representative seat was a minimum of 100 eligible signatures, with a maximum of 200 signatures. At its December 15, 2020 meeting, the Board re-considered the minimum number of signatures required for the nominating petitions for all active representative seats and adopted a recommendation to reduce the number of nominating petition signatures to a minimum of 50 and maximum of 100 (Board Report 20-12). This was

following an election for the Active WPERP Representative seat, during which there were also no candidates who submitted nominating petitions.

For previous elections held for the Active LAFPP Representative seat, following is an overview of the signature requirements and candidates:

- 2011, 2014, 2017 Regular Elections - 100 minimum (and 200 maximum) eligible signatures were required to be physically collected. One candidate qualified on the ballot for each of these elections, who was also a long-term incumbent of the seat (elected in 2010).
- 2020 Regular Election - The Board suspended the signatures-gathering requirement due to the impact of the COVID-19 pandemic and social distancing requirements. Following the suspension of the signatures-gathering requirement, a total of one (1) candidate (non-incumbent) was certified as a candidate.
- 2023 Regular Election - For this administration of the Active LAFPP Representative election, a minimum of 50 and a maximum of 100 signatures were required to qualify for candidacy. Additionally, candidates were provided the option to also collect electronic signatures in addition to original signatures. No candidates submitted by the deadline.

Staff reviewed the Board election criteria with other City retirement systems and observed the following similarities and differences:

	DCP	LACERS	LAFPP	WPERP
Elected Seats	1 - Active LACERS Rep 1 - Active LAFPP Rep 1 - Active WPERP Rep 1 - Retired	2 - Active Member 1 - Retired Member	1 - Active Fire Member 1 - Active Police Member 1 - Retired Fire Member 1 - Retired Police Member	3 - Active Employee Members, representing each: Water System, Power System, Services (Joint) System
Nominating Petition Signatures Required	Active: Minimum of 50, maximum of 100 Retired: None; Submit Candidate Materials Only	Active: Minimum of 100, maximum of 200 Retired: None; Submit Notice of Intent Only	Active: None; Submit Notice of Intent Only Retired: None; Submit Notice of Intent Only	Minimum of 100, maximum of 200* *Requirement was eliminated for 2021 Regular Election and 2022 Special Election; Submit Notice of Intent Only
Term Length	3 years	5 years	5 years	3 years
Term Limits	None	None	None	None
Election Results	Candidate receiving the most votes wins.	Candidate receiving the majority (50% + 1) of votes wins, otherwise a run-off election is conducted.	Candidate receiving the majority (50% + 1) of votes wins, otherwise a run-off election is conducted.	Candidate receiving the most votes wins.

While the LACERS and WPERP Boards require nominating petition signatures to be gathered for their Active Member seats, all LAFPP Board elected seats do not require any petition signatures to be gathered and instead require a notice of intent to run for office.

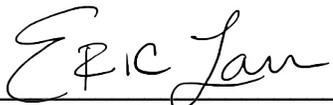

As the Board recently reviewed the minimum signature requirements for the DCP's Active Participant Representative seats in 2020, and given the varied processes of the other retirement boards, staff does not believe any changes to the minimum nominating signature requirement are warranted at this time. However, should the Board wish to revise the minimum signature requirement, an amendment to the Policy would be required (in the absence of an existing state of emergency declaration).

Further, the option to allow for electronic signatures in addition to original/wet signatures should also facilitate the signature gathering requirement for future candidates. Staff recommends the Board again designate that nominating petitions may be submitted electronically or in-person, with original or e-signatures, for this special election.

D. Conclusion

Following these discussions, staff recommends that the Board direct staff to conduct a Special Election to fill the Active LAFPP Representative Seat for the remainder of the unexpired term from July 1, 2023 ending June 30, 2026, due to no candidates qualifying for the May 19, 2023 regular election, with the special election date to be held as soon as administratively feasible and to allow nominating petitions to additionally be submitted electronically with electronic signatures.
