

DEFERRED COMPENSATION PLAN

**PLAN GOVERNANCE &
ADMINISTRATIVE ISSUES
COMMITTEE**

**FEE REDUCTION
PROPOSAL**

March 20, 2007

Committee Work

- Reviewed Plan budget accounts and revenue sources
- Identified options for implementing fee reductions and addressing existing trust accounts surplus
- Developed proposal which would provide broad-based fee reduction while addressing participant equity issues

REVENUE SOURCES

Great-West Administrative Fee

Payroll (“Fifty Cent”) Fee

REVENUE SOURCES

Great-West Administrative Fee*

Old Contract

Owed Annually to Great-West: \$37.65 per participant
+ \$382,000 (flat fee)
= **\$1,766,842**

New Contract

Owed Annually to Great-West: \$39.75 per participant
= **\$1,462,085**

Reduction - 17%

*Based on 36,782 participants as of 12/31/06

REVENUE SOURCES

Great-West Administrative Fee*

Annual Revenue Collected

0.11% x Plan Assets		\$2,820,108
Less Owed Under New Contract	-	<u>\$1,462,085</u>
Excess Revenue	=	\$1,358,023

*Based on \$2.5 billion of assets as of 12/31/06

REVENUE SOURCES

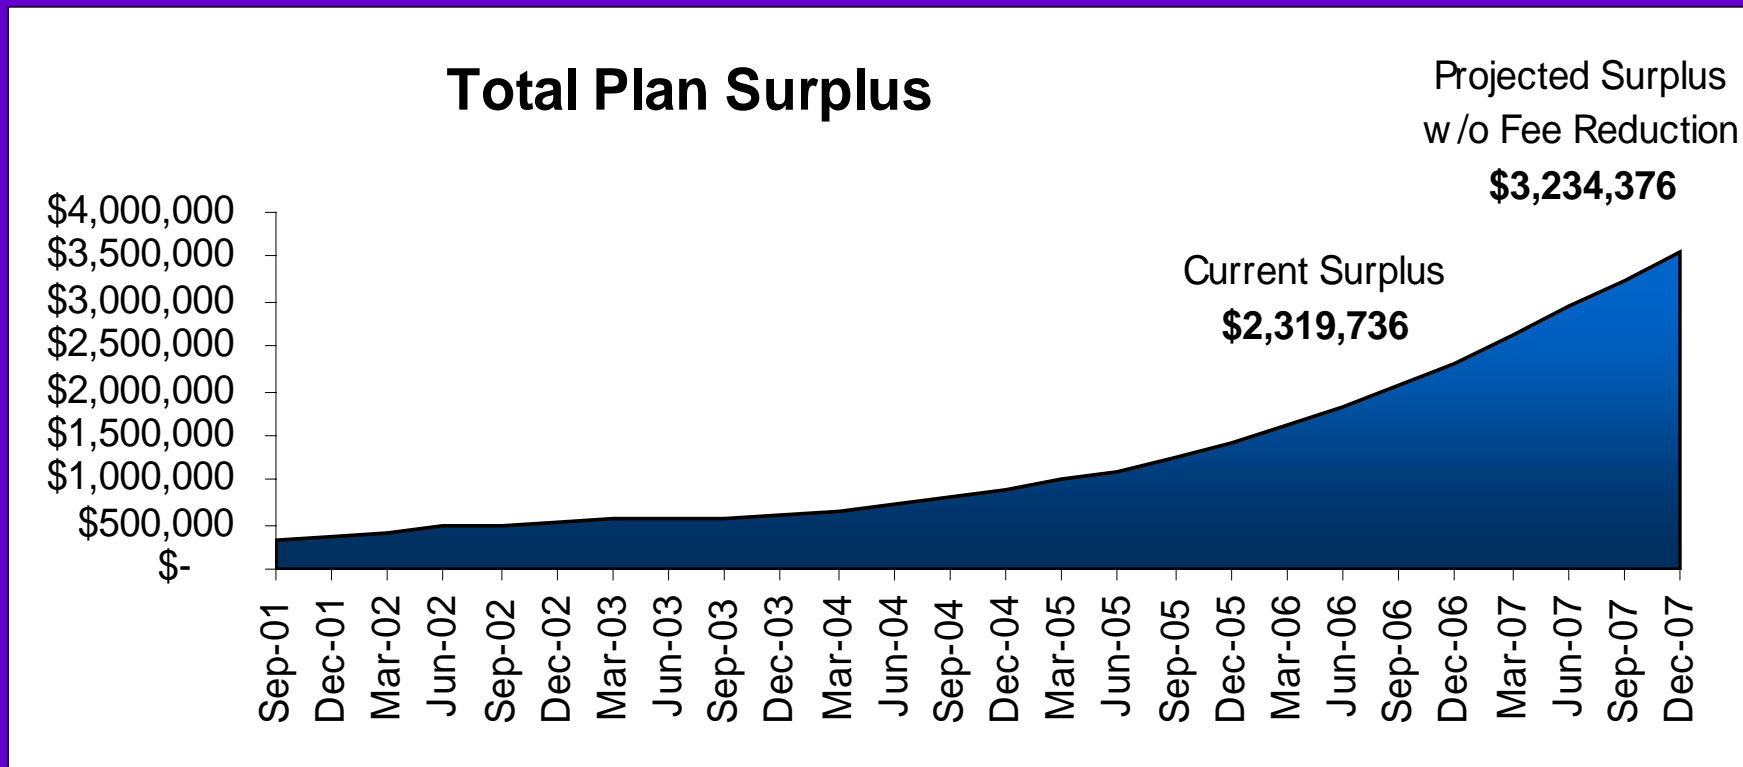

Payroll (“Fifty Cent”) Fee

Annual Revenue Collected

0.50 Per Participant Contribution = **\$344,760**

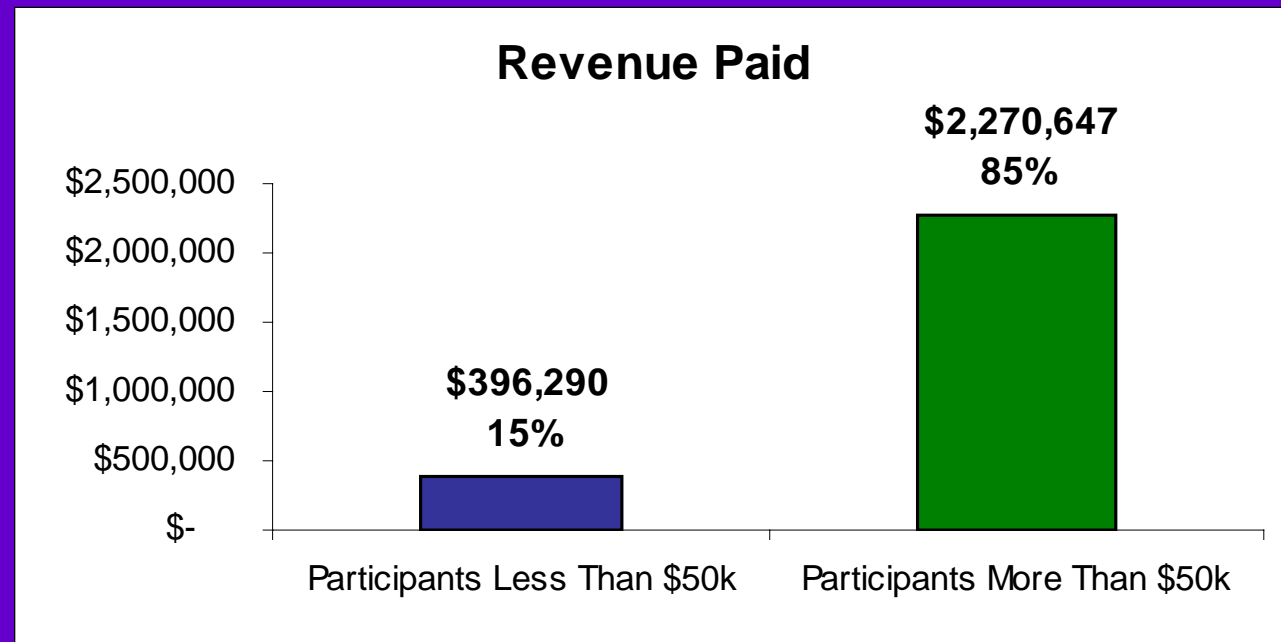

BUDGET REVENUE & EXPENSES

Since excess revenue was already being generated, surplus would grow sharply absent a fee reduction...

EQUITY ISSUES

Equity Issue #1:
Large Account
Holders Pay
Majority of Plan
Expenses

EQUITY ISSUES

Equity Issue #2:
Contributing Participants Pay Payroll Fee - Retired Participants & Non-Contributing Employees Do Not Pay

FEE REDUCTION PROPOSAL - KEY FEATURES

- Eliminate Payroll (“Fifty-Cent”) Fee
- Cap Fees at \$100 & \$100k
- Reduce Asset Based Fee to 10 basis points
- Target surplus at \$1.25 - \$1.50 million

FEE REDUCTION PROPOSAL - KEY RESULTS

	Year 1	Year 2	Year 3	Year 4	Year 5
Estimated Interest Earnings	\$ 80,000	\$ 80,000	\$ 80,000	\$ 80,000	\$ 80,000
Estimated Total Revenue	\$ 1,890,560	\$ 1,980,845	\$ 2,077,261	\$ 2,180,278	\$ 2,290,401
Estimated Expenses	\$ (2,160,945)	\$ (2,177,920)	\$ (2,196,006)	\$ (2,305,231)	\$ (2,325,622)
Difference	\$ (270,386)	\$ (197,076)	\$ (118,745)	\$ (124,953)	\$ (35,221)
Estimated Surplus Balance	\$ 2,049,350	\$ 1,852,275	\$ 1,733,529	\$ 1,608,576	\$ 1,573,356

ASSUMPTIONS USED

- Plan assets grow at 8% annual rate
- Expenses rise at 3% annual rate
- Participation grows at 2% annual rate

ASSET GROWTH ASSUMPTION

Plan assets may decline, but Committee concluded that Board should not be overly conservative on this - even including the second worst bear market in U.S. history, Plan assets have only fallen twice in the past 23 years:

DCP Assets Since Inception

ASSET GROWTH ASSUMPTION

Average growth rate in Plan has been 15% since 1990 - and 8% since 2000 (including the three bear market years):

FEE MODELING

- Spreadsheet modeling allowed for playing with worst-case assumptions
- Committee/staff could not develop realistic assumption which would completely eliminate surplus
- Conversely, if Plan assets grow above 8%, surplus would not be reduced absent further fee reductions
- Committee believes current proposal is reasonable, well-considered & conservative
- Committee believes that going forward fee analysis should be conducted annually to see if additional adjustments are necessary
